

ENVIRONMENTAL POLICY

Yorkshire Alloys Limited will at all times achieve the highest level of environmental control.

It will also ensure that it adheres to its own Environmental Management Systems, Process Controls and Procedures and strive to improve them continuously.

The Company is committed to applying Good Professional Practice throughout its organisation and to fulfilling a high standard of performance and the expectations of its customers.

All staff must familiarise themselves and regularly update themselves on the Company's standards of environmental management, and are required to take a positive attitude to minimising the company impact on the environment.

The Company is totally committed to comply with **BS EN ISO 14001: 2004 Environmental Management Systems – Requirements**, (and all associated legislation and codes of practice) and will at all times ensure that its own systems comply with all the requirement of that standard.

The company is committed to continually improving the effectiveness of the environmental management systems, and to prevent pollution within the company working environment, and to the wider external environment.
